SCR STEEL CABLE REELS

A Cabrol Group Company

About Us

Steel Cable Reels – A Cabrol Group Company serves the North & South American Market with Steel Reels and Integrated Logistics Solutions. For over 27 years Cabrol Group has catered to the Wire & Cable Industry globally with durable, cost-effective and fully Recyclable Steel Reels and packaging solutions. With 3 Manufacturing Locations and a wide distribution network, the group supplies over 30,000 reels around the globe. Cabrol Group comes with a strong commitment to values,

ingenuity and customer satisfaction. These elements have helped the group create long standing relationships over the years.

Cabrol Group pioneers the Collapsible or 'COMPLETE KNOCK DOWN REEL®'. The Group offers reel that comply with NEMA, Western Electric & DIN Standards. We also offer custom designed reels to meet your specific requirements and size specifications.

In addition to Manufacturing Steel Reels, SCR also offers a 'Comprehensive Reel Recycle Program', services include:

- Reel Inventory Management
- Logistics & Documentation
- Reel Pick up & Return Service
- Collapsible Reel Assembly
- Reel Tracking
- Reel Repairs

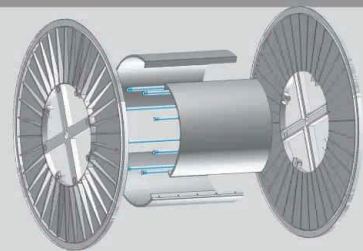

SCR takes great interest in preserving our environment and emphasis on recycling, energy conservation and use of eco-friendly measures. Keeping in mind, our reel recycle program adds to client sustainable measures to continue using steel reels over and over again. Over the years we have recycled thousand of steel Reels and we continue to do so.
